A versatile and practical solution, Roller blinds are great for rooms that get a lot of wear and tear like living rooms, kitchens and children's bedrooms. With a wide range of performance features from blackout to fire retardant or moisture resistant, we've got the right solution for your windows.

PORTO ANTIQUE

POLARIS CORAL

Motorised blinds are the latest innovation in the world of window dressings. Powered by Somfy's market leading technology all our Roller blinds can be motorised making them inherently child safe and super convenient - controlled with just the touch of a button.

BLOC®

An effective solution for your roof windows, Bloc® frames can be fixed into almost all major skylight windows including Velux and Fakro, helping reduce heat loss, light seepage and increase privacy.

HORIZON FOSSIL GREY

MOTORISED BLINDS

Make any of our Roller blinds motorised and control them with just the touch of a button. Or take it one step further, and pair your motorised blind with a Somfy Smart hub, unlocking the ability of voice command and app control – the ultimate way to control your blinds.

TOPAZ PEARL, POLARIS RUST

VERTICALS

Vertical blinds are the perfect solution for lots of different window types, whether it's large glass expanses, bi-fold doors or sloped windows this versatile hard-wearing blind is a great choice.

POLARIS RUST

VERTICALS

PIPER PARCHMENT

Our wide range of fabrics means there's also something to suit everyone, including choosing a specialist coating like ASC – a solar reflective coating that helps keep rooms cool in summer.

TREE OF LIFE CURTAINS, MOLLY ROLLERS

BOUNCE PUTTY

UNEARTH THE SECRETS OF THIS BEAUTIFUL CAPSULE COLLECTION

Inspired by nature this collection of Roller and Vertical blinds includes soft florals, bold graphical prints and unpredictable patterns, but there's a surprising secret... the colours add an instant WOW factor.

Celebrating maximalism and including key colour trends and themes you'll see everywhere from home décor to fashion, this fun and playful collection is a talking point in any room.

SPRIGS LILAC

CURTAINS & ROMANS

Curtains are a great way to layer other window dressings such as Verticals, Rollers and Venetians to lock in the warmth and create extra privacy.

Roman blinds are lined as standard, for a high-quality finish, with specialist linings available to help retain warmth and block out light.

All our Roman blinds are also available in curtains and cushions for a co-ordinated finish.

SHEERS

Sheer blinds help to filter the light whilst also maintaining privacy. Choose from our Day and Night, Triple Shade or Diffused blinds to help dress your windows.

DAYSPRING BEIGE DAY AND NIGHT

SPLENDOUR FR LIGHT GREY DIFFUSED

COMING
SOON

Diffused sheer blinds are perfect for bi-fold doors, each panel is free hanging so that you can walk through the blind at point without the restriction of chains or cords.

BEACON IVORY TRIPLE SHADE

NO-DRILL SOLUTIONS

Discover our range of no-drill solutions, available on Roller blinds, Metal Venetians, Pleated blinds and our Shutter Lite range. Inherently child-safe, no-drill solutions are a fuss-free solution for any window.

16 ATHENA CORAL PERFECTFIT™ BLIND

PerfectFit™ blinds and shutters clip neatly between the beading and glass of a uPVC window or door for a sleek and discreet finish.

PERFECTFIT™ SHUTTER LITE

LIBERTY OCEAN
GRIP FIT™

Grip Fit™ is a unique no-drill Roller that fits into the recess of a window by simply clipping in against the walls.

VENETIAN BLINDS

Choose from wood, faux wood or metal Venetians to dress your windows. Each finish is incredibly hard-wearing and helps offer privacy whilst filtering the light with the tilt and turn slats.

FAUX WOOD VENETIAN

METAL VENETIAN

We recommend faux wood or metal Venetians for rooms with high-levels of moisture like kitchens or bathrooms.

Metal Venetians are also available in a PerfectFit™ frame that fits into uPVC windows – a streamlined finish at your window with no drilling required.

WOODEN VENETIAN

PLEATED BLINDS

Pleated blinds are a versatile solution, perfect for trickier shapes like sloping or shaped windows, means they're often found in conservatories and sunrooms. Benefits of opting for Pleated blinds include temperature control, with our popular Duo Pleat™ solution, and it's innovative honeycomb technology to help keep rooms warm in winter and cool in summer.

Intu micro pleated blinds are a great solution for bi-fold doors – allowing full functionality whilst offering privacy and light control.

FINISHING TOUCHES

Making sure your window dressings sit perfectly at the window is all thanks to finding the right header type.

From Roller blinds where you can co-ordinate the bottom and top componentry, to curtains with a choice of single, double, track or pole to fit it any space. There's a header solution for every product, every home and every window.

WHISPER SCREEN 3% BLACK

SKYLAR BREEZE

From functionality to adding the finishing touches, accessories help make your window dressings truly unique and special.

Any Roman or curtain fabric can also be turned into a cushion to really finish off your room transformation.

MAASAI BRUSCHETTA

MAVERICK MUSHROOM

You can customise everything from the hems, pull and braids of your Roller blind, and the chains, weights, wands on a Vertical blind.

Ask in store today for more details on the header and accessory options for all our products.

RECYCLED FABRICS

Whether you're looking for a plain, print or jacquard option, over 60% of the Roller and Vertical fabrics are made from 50% or more recycled polyester yarn, so you can get the look you want with a more sustainable fabric choice.

Why choose recycled fabrics?

Production processes use less water, chemicals and energy than virgin polyester. Recycled polyester production therefore generates less CO2 emissions than virgin polyester.

Look out for the 'recycled' logo across our fabrics, all of these fabrics are composed of recycled polyester yarn.

PRODUCT DETAILS

BLIND TYPE	ROOM USE	CLEANING	SPECIAL OPTIONS	MOVEMENT	Icon 1	Icon 2	Icon 3	Icon 4	Icon 5	Icon 6	Icon 7	Icon 8

Fire retardant
Selected products in the range can help slow down or resist the spread of fire.

Splash proof
Selected products are available that are tolerant of water but not necessarily waterproof.

Moisture-resistant
Selected products in the range will tolerate a moist and humid environment.

Perfect Fit® frame
This product does not require screws or drilling.

Skylight
This product can be specifically designed to fit a skylight.

Dim-out
This product helps reduce the impact of light.

Blackout lining
This product has the option of an extra layer of fabric to help block out light, or a blackout fabric is available in the range.

Light-reflective
There is an option of a light-reflective fabric available in the range.

Remote & motorised
Motorised options exist with the remote control operation.

CHILD SAFETY
As a minimum, all of our blinds and Curtains meet the European Standard BS EN 13120 for safety. Beyond this, safety is at the forefront of our minds right through the design process ensuring that we make products that are not only stylish and high quality, but also safe.
